MAN WHO BILKED  
WOMAN BY WIRE**Plausible Stranger Said to  
have Doctored Telegram  
Touring Acquaintance Sent  
His Mother. Auto Theft  
Suspected.Search was instituted today for a  
man who, according to R. C. Winslow,  
a motor tourist from Oklahoma, Okla.,  
obtained \$100 from the latter's wife  
by means of a doctored telegram. Mr.  
Winslow, who is traveling with his  
sons, W. W. and M. W. Winslow, ar-  
rived here yesterday and reported the  
case to the police. It was said today  
at police headquarters that there was  
ground for believing that the man  
sought had stolen an automobile from  
El Paso, and that he might put in an  
appearance here.Winslow and his sons fell in with  
the man while traveling from Carthage  
to this city. He was driving a  
Ford car. He gave his name as Gor-  
don, but Mr. Winslow said he has  
since learned that he used the name  
Vance, also.Gordon or Vance told Mr. Winslow  
that he was a tourist like himself.  
That morning, he said, he had lost  
his pocketbook, and Mr. Winslow  
generously gave him \$25 to relieve  
the unexpected financial strait. The  
parties traveled together for several  
days.Mrs. Winslow is in Santa Fe, and  
one of the sons, wishing to apprise  
her of the fact that they wouldn't ar-  
rive at Santa Fe at the time agreed  
upon, wrote a telegram to her. Gor-  
don was headed for San Antonio, and  
took the message to send it from  
there.When the Winslows arrived here  
Mr. Winslow called his wife on the  
telephone, and she disclosed the fact  
that the telegram she received asked  
for \$100. The message said the party  
was in need of the money at once.She was to send the money in care  
of Gordon to San Antonio, according  
to Mr. Winslow's account. She hesi-  
tated about complying. Mrs. Winslow  
told her husband, but the man called  
her on the telephone and told her the  
case was urgent, whereupon she sent  
the money.Mr. Winslow told Chief McMillin  
today that the name of the El Paso  
Automobile company was stamped on  
one of the inner tubes of the strange-  
er's car, and the chief agreed with  
him that there was ground for sus-  
pecting the car to have been stolen.  
The car is supposed to be at San An-  
tonio now. Mr. Winslow said he was  
convinced now, from the stranger's  
actions, that he sought an opportunity  
to get away with the Winslow car and  
leave his older and cheaper machine  
in its place.Fine pearls—but not With's Pearl

and east are expected to have big  
delegations here ready to join the  
thirty or more Albuquerque motorists  
who have signed up to make the trip  
to the state good roads convention in  
Santa Fe. Col. H. E. Twitshell has  
completed arrangements for the tak-  
ing of the motion pictures which will  
be used in the New Mexico picture  
show at the San Diego exposition and  
which will form a big advertisement  
for Albuquerque.President Cushman of the Commer-  
cial club said this morning that he  
confidently expected the automobile  
strength of Albuquerque to be out  
Thursday morning to the last car. De-  
tails of the assembling points will be  
announced tomorrow.**TO EXAMINE TIMBER  
ON APACHE FOREST**A party of forest service officials  
from the district and Washington of-  
fices is planning a field reconnaissance  
of timber lands within the Apache  
forest August 1 to 10. A detailed  
field examination has already been  
completed by a lumberman from the  
district office. The district and Wash-  
ington officials will go over the area  
to determine the feasibility of mak-  
ing a considerable sale of manure and  
overmature timber which would be  
tributary to local Arizona markets.  
Under present conditions a large pro-  
portion of the wood products required  
by the southern Arizona mines  
must be shipped in from Washington  
and Oregon via San Pedro. If it ap-  
pears advisable to make a sale of  
forest service stumpage from the  
Apache forest, it is likely that the  
local mines could secure their tim-  
ber entirely from local timber re-  
sources, thus affecting a tremendous  
saving in freight.**REAL ESTATE TRANSFERS

RULING WILL BRING  
HORSES TO CIRCUITDenver "Field and Farm" reports  
that the Colorado state board of  
stock inspection has made an excep-  
tion to race horses coming into Colo-  
rado and will not require the mallein  
test. They must, however, have a  
health certificate from a licensed vet-  
erinary of the state from which they  
are shipped. This will undoubtedly  
insure a much larger field of horses  
for the Santa Fe circuit than was at  
first expected. The circuit opens at  
Lamar on August 15 and closes with  
Albuquerque on October 10.BECKER-SOCCORRO ROAD  
IMPASSABLE IN CARSBack from a ten-day repair trip,  
Claude Blair, line foreman for the  
Postal Telegraph company, and J.  
W. Ryan, a lineman, report the  
Becker-Socorro route absolutely im-  
passable for autos. They made the  
trip by wagon, and it took them four  
days to get here from Socorro. On  
the Becker route they had to use  
shovels freely to keep their wagon  
going. They averaged twenty miles  
in twelve hours on the return trip.**MORTUARY.**
